

Hopkinsville Kentuckian.

VOL. XXXII.

HOPKINSVILLE, KENTUCKY, THURSDAY, NOVEMBER 3, 1910.

No. 132

CITY TREASURY IS NOW FULL

Nearly \$50,000 Was Collected During the Past Month.

ONLY \$6,000 NOW OUT.

Penalty of Six Per Cent. Now Goes On Unpaid Taxes.

City Tax Collector J. D. Higgins has passed through his busy season in the collection of taxes and of the possible total of about \$61,000 to collect for 1910, only about \$6,000 will go over on the delinquent list January 1. Mr. Higgins has succeeded in collecting 90 per cent of the taxes placed in his hands July 1, and has two months more to enforce the collections with penalty added before the lists become delinquent.

By systematizing the work and having the receipts filled out in advance, Mr. Higgins and his daughter, Miss Nora Higgins, handled the business with dispatch and the office was not crowded even on the last day. The office was left open until 9 o'clock p. m. Oct. 31.

The total collections for July, August and September were \$7,779.79 and for October \$46,399.77. To this total must be added about \$800 that has come in by mail and other wise since his totals were made up, making the total for four months \$55,000. About one third of this money goes into the school fund, one sixth of it into the Sinking fund and one half of it into the general fund. The Sinking Fund for the payment of \$40,000 of bonds now contains about \$25,000.

ONLY 36 ON

Few Names Are Added To Registration Books.

But few voters took advantage of the supplemental registration, which closed last night. Up to 3 o'clock only 36 names had been added to the lists by County Clerk Stowe. The regular registration was only 1163, about 1000 short.

DIXIE FLYER IN NEW GARB

Fist Through Trains Have Brand New Equipments.

THE LATEST PULLMANS.

Finest Service Ever Offered On the L. & N. Road.

The "Dixie Flyer" train operated the year round between Chicago and Jacksonville via Nashville, Chattanooga and Atlanta, passing Hopkinsville south-bound at 9:32 a. m., and north-bound at 6:15 p. m., has been greatly improved, with first equipments south-bound Tuesday. The lines interested have secured for this train the very latest type of Pullman cars, which includes two standard twelve section drawing room sleepers, Chicago to Jacksonville; one twelve section drawing room sleeper, St. Louis to Jacksonville. In addition to these cars the train is completed by the addition of a Pullman compartment observation car. This car is a new feature of the train, and will no doubt be very much appreciated by the patrons of this famous train. This car provides six private compartments, and the rear portion is provided with comfortable chairs for the convenience of the passengers.

The train has been equipped with new and up to date coaches for coach passengers, in fact the train is new and up to date from the engine to the observation car. Every car on this train is lettered "Dixie Flyer," and makes up a very handsome and luxurious train, and no doubt the patrons to and from Florida as well as to and from Chicago and St. Louis will appreciate very much this new and up to date equipment.

THE ATHENAEUM

The Athenaeum will meet to night at seven o'clock at Hotel Latham and those on the program for papers are Rev. Geo. C. Abbott, Dr. Austin Bell and Dr. T. W. Blakey. An interesting meeting is in prospect.

HIGH FLYERS TO COME EAST

Will Give Aviation Exhibits in Other Large Cities.

NASHVILLE TO GET ONE.

Frederic Thompson Secures Consent to Make Tour Of United States.

New York, November 2—Frederic Thompson, theatrical producer, builder of Luna Park, promoter of the Hippodrome, and who is always ready for some thing big in the show business, stepped into a new field when he went to Belmont Park Tuesday to sign the famous aviators there for many big meets throughout the United States.

He and his assistant, James Robbins, scurried about the big field from hangar to hangar, and pursued their quarry into the city late at night, holding conferences with men who have made big names in the air. Every one who was approached fell in line with the scheme and answered that he would take part.

FROM CITY TO CITY.

So it is likely that most of the men who have entertained thousands during the past week at Belmont will fly in other sections of the country, and show every one what they can do.

If the plan goes through they will be taken from city to city during the next fall and winter to fly for prizes as large as most of those offered at Belmont Park.

While there have been rumors of the various cities in which meets will be held, Mr. Robbins, who was asked about the project said that nothing had been settled. Meets may be held in Chicago, Toledo, St. Louis, Los Angeles, San Francisco, Richmond, Washington, Louisville, Mobile, New Orleans, Charleston, Birmingham, Nashville, Memphis, Atlanta, Denver, Seattle, Kansas City, St. Paul, and half a dozen other cities, but inasmuch as no contracts for grounds have been signed, it would be impossible to tell where the flights would take place.

NEW JURY COMMISSIONERS

Were Named By Circuit Judge Hanbery Yesterday Morning.

JAS. H. CATE IS ONE.

The Other Two Are Taken From Pembroke and Crofton.

Judge Hanbery yesterday morning named three jury commissioners whose duty it is to clean out the jury wheel and fill it with 500 names from which the juries for the next year will be drawn. The commissioners are:

J. W. Cross, the Pembroke banker and business man.

J. H. Cate, of Hopkinsville, of the milling firm of Cate & Son.

Dr. S. H. Williams, of Crofton, the leading physician of North Christian.

The commission gives general satisfaction and insures the selection of jurors of good character from all parts of the county.

The case of George Coleman vs. Richard Leavell, growing out of the sale of a mule to Coleman, was on trial yesterday with a strong array of attorneys on both sides.

One of the important cases a few days ago was that of J. E. Gossett as agent for Miss Lizzie White vs. A. B. and J. H. Lander, for \$125 for a horse, which defendants refused to pay for, alleging that it had heaves. It was hard fought, with many witnesses and a strong array of legal talent. The jury decided in favor of the defendants, requiring plaintiff to take the horse back and pay the costs.

The jury in the case of J. O. Cook, administrator of Jim Rives, col., who was killed by a Tennessee Central freight train near Masonville July 18 last, returned a verdict for plaintiff for \$2,000, the full amount of damage asked for. Rives was drunk and went to sleep on the company's track. The case was an interesting one and raised some new questions of law on negligence of railroads when trespassers are in peril on the track. The engineer was flagged by a Mr. Boyd, who lives near the point of the accident, and the court upheld the plaintiffs attorneys in the contention that when the engineer saw the flag it was his duty to use all means at his command to stop his train. The railroad company was represented by Downer & Russell, assisted by the company's chief counsel and his assistant, of Nashville. Hester & Allensworth represented Mr. Cook, administrator of the dead negro.
